

Privacy Policy

MOBILE APPLICATION: CUBE3DR

This Privacy Policy outlines in a transparent and detailed manner the management and handling of information concerning the use of the mobile application **Cube3DR** (hereinafter referred to as "the Application"). As an application built to maximize user confidentiality, our fundamental commitment is a strict policy of zero user data collection.

Core Summary: This application does not collect, store, share, or request any type of personal or technical information from its users.

1. Collection and Types of Data

The Application has been developed following the "Privacy by Design" principle. No registration, account creation, or login is required to access or use its features. Consequently:

- **Personal Data:** We do not collect names, email addresses, phone numbers, unique device identifiers (such as IMEI or Android ID), or precise location metrics.
- **Technical Data:** We do not extract usage statistics, performance logs, crash analysis (crash logs) tied to a user identity, or hardware configuration metrics.

2. Data Sharing and Third-Party Disclosures

Since the Application does not collect or store data of any kind, we guarantee that:

- No user information is transmitted to or stored on external servers or centralized cloud databases under the developer's control.
- We do not share, sell, lease, rent, or trade any form of user metrics or personal details with third-party companies, ad networks, business partners, or analytics providers.

3. Device Permissions

To function seamlessly, **Cube3DR** operates completely locally on your mobile device. The Application does not request or require access to sensitive operating system functions or data stored on the handset, including but not limited to:

- Camera or Microphone.
- Contacts, Address Book, or Accounts.
- Internal device storage or external SD cards.
- GPS or network-based location tracking.

4. In-App Advertising and Purchases

To provide an uninterrupted, clean, and secure gameplay environment:

- The Application **does not contain advertisements**, promotional banners, or third-party ad network components.
- The Application does not feature In-App Purchases (IAP) or payment gateways inside the game ecosystem.

5. Children's Privacy

By strictly refraining from collecting any personal or tracking information, the Application aligns entirely with international child privacy safeguards, including the Children's Online Privacy Protection Act (COPPA) and the General Data Protection Regulation (GDPR). It offers an entirely safe and compliant environment for users of all ages.

6. Changes to this Privacy Policy

This privacy policy may be modified occasionally to reflect application enhancements or regulatory adaptations. Any amendments will be made transparently by updating the "Last Updated" date at the top of this document. We encourage users to review this section periodically.

7. Contact Information

For any inquiries, feedback, or clarifications regarding this privacy policy or the local execution of the Application, please contact the developer directly at the provided email address.

This document has been prepared to fulfill the strict privacy disclosure standards mandated by the Google Play Store for mobile software distribution.
